About US

Welcome to KID Kindergarten. We are here to provide our children with professional education that includes creativity, thinking, communication and fun, and acquiring new and useful skills. The kindergarten also provides a lot of purposeful activities and scientific and recreational trips in which children participate. And because the goal of learning is education and its stability in education, its stability and kindness, and the making of a fruitful and constructive change.

Summer Camp

Our Summer 2022/2023 Study Camps are intensive holiday programmes aimed at Early Years, for parents who want their kids to enjoy winter within a safe, fun and supportive environment. Students study a different topic each week at this kids winter camp in our kindergarten, using a unique approach of hands-on experiential learning to ignite interest and improve not only their English skills but their knowledge and awareness of the world around them. Each week is a complete, stand-alone camp. Students can register for as many camps as they wish. Our Study Camps are suitable for all levels from beginners to advanced learners. A new camp begins every Monday.

The camps we have to register:[Little Engineer](#),[Little programr](#),[Kids stories](#)

Closing Kindergarten:

We would like to let you know that the kindergarten will be closed for the 28th and 29th
